EXPERIENCE HISTORY THROUGH THE EXPRESSION OF DESIGN

This paper reflects on the uses of different forms of storytelling in the design and implementation of an experience prototype for a Museum exhibition about the medieval historian Jean Froissart.

About Us...

"Things change and changes are good. And this one is definitely for the best. The change is an outcome of a purpose to mirror the transformation and growth. We are coming up with faster reach, more varieties and even better options in laminates. This change only means up gradation. The bond we had since years and commitment to serve you will be the same. We are grateful for each one who has been with us throughout the journey. We will make sure to make this change worth and more trustworthy for you."

FEATURES

EASY TO CLEAN

laminates are exempt from frequent cleaning due to the best concealing of smudges and stains.

CHEMICAL RESISTANT

our chemical-resistant laminates provide great durability against abrasion, anti-skid qualities for worker safety, and an attractive appearance.

FROST RESISTANT

frost-resistant laminates are not damaged by extremely low temperatures, laminates have the ability to endure freeze/thaw temperatures without significant harm

ABRASION RESISTANT

When It Comes To The Scratch Resistance Feature, It Will Win The Top Spot, A Laminate Surface Prevents Scratches.

SATIN RESISTANT

the most appealing aspect of matte finish laminates is that they require no maintenance

CHEMICAL RESISTANT

our chemical-resistant laminates provide great durability against abrasion, anti-skid qualities for worker safety, and an attractive appearance.

APPLICATION

- Anti Fingerprint
- Abrasion Resistant
- Easy To Clean
- Soft Touch
- Extremely Safe
- Resistance To Heat
- Anti Bacterial
- Lightfastness

Grades	:	General
Types	:	Standard, post forming, compact, cabinet liners, backer
Size	:	2440 mm x 1220 mm (8' x 4')
Layers Highlight	:	100% Quality design paper from world best decorative paper manufacturer, We are using best quality craft paper, 100% Melamine resin and 100% phenolic resin, Use of best chemical raw materials for better flexibility & durability, PP wrapping film for surface protection till completion of furnishing work for P.G.
Care & Maintenance	:	Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.
Disclaimer	:	Customers are advised to reconfirm selected laminates when placing order as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of colour, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only. Information and samples for special cabinet liners, phenolic boards, special purposes compact laminates and post forming laminates are available on request.
Limited Warranty	:	Aurraalam warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviations, to related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care, improper use and/ or any alteration. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only.

LIMITED WARRANTY

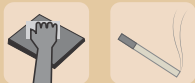

BE CAUTIOUS ON AIR BUBBLES
While pasting the laminate sheets vertically, little extra care is appreciated. If not pressed uniformly, air bubbles possibly can appear.

CUT ANGLE OF 90° ON LAMINATES CAN CAUSE CRACKS, NO CLAIMS WILL BE ENTERTAINED IF DONE SO

When cut with L shape and at 90° angle, one of the two edges might get an elongated cut. Such corners are prone to cracks. Avoid improper bonding and improper weather conditions to prevent cracking.

100% IMPORTED BASE PAPER • 100% PHENOLIC
